## **NWSFC Authorised Committee / Club Members for weighing records**

The following club & committee members are authorised by NWSFC for weighing fish for record or competition purposes. However, please note that the club is run entirely on a voluntary basis – while we promise to do our best, availability cannot be guaranteed.

NWSFC encourages club members to purchase their own set of certified and calibrated scales if possible (NB there are ongoing calibration costs). Ensure you are buying quality scales from a reputable dealer (e.g. Wedderburn Online). Take note of range and limits accuracy. A common scale for spearfishing is 60kg  $\pm$ 0.02kg.
